Supplemental Response to Notification of Missing Requirements

Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313

Sir:

A Notification of Missing Requirements was mailed January 18, 2007 requesting a Declaration and a translation of the application into English as the translation supplied at the time of filing was found defective by the Office. A copy of the Notification is included with this supplemental response.

A response to the Notification of Missing Requirements was filed on March 16, 2007 forwarding the Declaration (and the \$130 surcharge) and a Preliminary Amendment to the claims of the English translation (and the \$130 English translation surcharge). To complete this filing, we are now submitting:

- 1) a literal translation of the international application;
- 2) a marked up copy of the substitute specification; and
- 3) a Request for Extension of Time and the extension fee.

Applicant would like to bring to the Office's attention that at the time of filing the application, applicant supplied a clean copy of the substitute specification and erroneously identified it on the 371 transmittal as the English translation. This clean copy includes the claims as amended by the Preliminary Amendment recently filed. The enclosed literal translation includes the claims as they existed prior to the Preliminary Amendment. The substitute specification and the marked up copy of the substitute specification contain no new matter.

All fees associated with the Response to Notification of Missing Requirements have been paid, except for the extension fee being paid with the enclosed Request for Extension of Time. However, should any additional fees be required, please charge Deposit Account No. 13-3080.

Respectfully submitted,

/david r. price/
